

Jackie Edenholtm Pettus Miramonte Class of 1963

I know Jackie because she has kept the Class of 63 database up-to-date for many years and because she is an appreciative follower of my friend pianist John R Burr M73.

She is the founder of Habitudes LLC, parent of HabiLinks.com web guide (Lifestyle links you can really use.) and HabitudesRecordKeepers.com, a web service offering personal record keeping templates such as Things the Family Should Know and Emergency Information.

Notoriously organized, Jackie created Habitudes with know-how gained from 40 years worth of "household management" experience.

When not helping people find useful information on the web or gathering personal records,

she sings with a jazz group, The High Seas, in San Francisco

With John Den Dulk and Rick Merriam
