Denise Meyer Weinstein Miramonte Class of 1967

76 Year birthday party selfie

Famously hired Country Joe and The Fish for our Junior Prom in 1966, and stayed friends with Joe for many years.

After Miramonte spent a few years in Paris and London modeling.

Came back to Berkeley in 1974, married David, had a couple kids and started CP Shades, a clothing company manufacturing and garment dyeing in Sausalito.

CP Shades once had over 50 stores in the U.S. and U.K.

By the 1980s was carried in every major department store in the country.

They made clothing that people love and keep.

Closed it late last year after a 46-year run.

She still travels extensively... India, Nepal, Italy, and Mexico.
Plans to be here in October to make sure they get a vote in an insane world.
